## RIDDLE OF THE WEEK

What goes up and down but doesn't move?

**Answer will be in next weeks newsletter**

### *Answer to last weeks riddle*

A man works at an aquarium. Every day he spends a large chunk of his time trying to stop people from tapping on the glass at the shark tank. Finally, fed up with it, he comes up with a solution. The solution works perfectly; the next day no one taps on the glass. However, he is fired for it. What was the man's solution?

**Answer:** The man painted a crack on the glass. Fearing it would break, no one touched it. However, since it made the aquarium seem unsafe and it scared the patrons, he was fired.
